Linnaeus - Palme

Why Linnaeus-Palme?

- Stimulate bilateral co-operation
- Increase international awareness
- Capacity development

- Reciprocity and mutual benefit
- Academic purpose
- Long-term bilateral co-operation

The department is the initiator and project owner
but...

... Linnaeus-Palme must be a part of the university's
international profile

Long term perspective is important – a project can
be granted during eight years

Swedish University of Agricultural Sciences, Uppsala - Qingdao Agricultural University

- Cooperation in Animal Husbandry
- Purpose: Swedish teachers and students gain experience of classical diagnostics of sicknesses (between animals and humans) that are more common in China but that, due to global trade, risk to break out (ex H1N1, SARS).

Chinese teachers and students gain experience of modern clinical pathological and microbiological teaching and diagnostics.

Linnaeus University, Växjö – Fujian University, Fuzhou

- Cooperation in social work
- Purpose: Enrich each other's education on care of elderly and people with disabilities by...
- developing pedagogical methodology,
- Discussing global social care and the significance of culture and context et cetera.
